## Section 2: EX-99.1 (EXHIBIT 99.1)

Exhibit 99.1

October 18, 2018

### Limelight Networks(R) Reports Financial Results for the Third Quarter of 2018

- Revenue of \$49.3 million, up 7 percent year over year
- GAAP basic EPS of break-even and Non-GAAP EPS of \$0.03
- Operating cash inflow of over \$11 million, highest in over a decade
- Cash and marketable securities of \$52.7 million
- Confirming guidance and tightening ranges with lower capital expenditures

Limelight Networks, Inc. (Nasdaq:LLNW) (Limelight), a leading provider of edge cloud services, today reported revenue of \$49.3 million for the third quarter of 2018, up 7% compared to \$46.1 million in the third quarter of 2017. Currency negatively impacted year-over-year comparison by \$0.2 million, or less than one percent.

Gross margin was 48.7% in the third quarter of 2018, an increase of 30 basis points from 48.4% in the third quarter of 2017.

On a GAAP basis, Limelight reported a net loss of \$0.3 million, or break-even per basic share for the third quarter of 2018, compared to a net loss of \$1.8 million, or \$0.02 per basic share, in the third quarter of 2017.

Non-GAAP net income was \$3.2 million, or \$0.03 per basic share, for the third quarter of 2018, compared to non-GAAP net income of \$2.2 million, or \$0.02 per basic share, in the third quarter of 2017.

EBITDA was \$4.3 million for the third quarter of 2018, compared to \$3.4 million for the third quarter of 2017. Adjusted EBITDA was \$7.7 million for the third quarter of 2018, compared to \$7.4 million for the third quarter of 2017.

Limelight ended the third quarter with 551 employees and employee equivalents, up from 549 at the end of the second quarter of 2018, and up from 535 in the year ago period.

“We are pleased with Limelight’s third quarter results that showed year over year improvements even in a seasonally weak quarter, and marked record achievements across multiple key financial and non-financial metrics. Customers continue to reward Limelight’s performance gains by sending us more business, and we believe we are continuing to take market share. Pricing discipline and operational efficiencies are driving gains in gross margin and overall profitability, and at the same time, the continuing improvement in an already strong Net Promoter Score confirms our customer’s growing satisfaction with the value they obtain from Limelight,” said Bob

Lento, Chief Executive Officer at Limelight.

“In light of the strength of our results, we are confident we will finish 2018 ahead of the expectations we set at the start of the year and within the range of outcomes we laid out last quarter. Importantly, our focus on new initiatives is yielding results. The two-way partnership with Tencent is exciting for the near term. The Ericsson initiative and the Realtime streaming opportunities should drive revenue and margin growth in the medium-term and our strategic focus on edge services will contribute to meaningful growth and profitability in the long-term. While there is opportunity to do even better, we are very pleased with our performance on multiple fronts. Our talented and dedicated employees continue to enhance our strategic focus while driving ever-higher operating discipline. Altogether, we believe we are building a better Limelight for all stakeholders and remain acutely focused on delivering exceptional shareholder returns,” Mr. Lento added.

Based on current conditions, for the full-year 2018, we are providing the following updates to our previously announced guidance.

### Use of Non-GAAP Financial Measures

To evaluate our business, we consider and use non-generally accepted accounting principles (Non-GAAP) net income (loss), EBITDA and Adjusted EBITDA as supplemental measures of operating performance. These measures include the same adjustments that management takes into account when it reviews and assesses operating performance on a period-to-period basis. We consider Non-GAAP net income (loss) to be an important indicator of overall business performance. We define Non-GAAP net income (loss) to be U.S. GAAP net income

(loss), adjusted to exclude the settlement and patent license income, share-based compensation and litigation expenses. We believe that EBITDA provides a useful metric to investors to compare us with other companies within our industry and across industries. We define EBITDA as U.S. GAAP net income (loss) adjusted to exclude depreciation and amortization, interest expense, interest and other (income) expense, and income tax expense. We define Adjusted EBITDA as EBITDA adjusted to exclude the settlement and patent license income, share-based compensation and litigation expenses. We use Adjusted EBITDA as a supplemental measure to

review and assess operating performance. Our management uses these Non-GAAP financial measures because, collectively, they provide valuable information on the performance of our on-going operations, excluding non-cash charges, taxes and non-core activities (including interest payments related to financing activities). These measures also enable our management to compare the results of our on-going operations from period to period, and allow management to review the performance of our on-going operations against our peer companies and against other companies in our industry and adjacent industries. We believe these measures also provide similar insights to investors, and enable investors to review our results of operations “through the eyes of management.”

Furthermore, our management uses these Non-GAAP financial measures to assist them in making decisions regarding our strategic priorities and areas for future investment and focus.

The terms Non-GAAP net income (loss), EBITDA and Adjusted EBITDA are not defined under U.S. GAAP, and are not measures of operating income, operating performance or liquidity presented in accordance with U.S. GAAP. Our Non-GAAP net income (loss), EBITDA and Adjusted EBITDA have limitations as analytical tools, and when assessing our operating performance, Non-GAAP net income (loss), EBITDA and Adjusted EBITDA should not be considered in isolation, or as a substitute for net income (loss) or other consolidated income statement data prepared in accordance with U.S. GAAP. Some of these limitations include, but are not limited to:

- EBITDA and Adjusted EBITDA do not reflect our cash expenditures or future requirements for capital expenditures or contractual commitments;
- these measures do not reflect changes in, or cash requirements for, our working capital needs;
- Non-GAAP net income (loss) and Adjusted EBITDA do not reflect the cash requirements necessary for litigation costs, including provision for litigation and litigation expenses;
- these measures do not reflect the interest expense, or the cash requirements necessary to service interest or principal payments, on our debt that we may incur;
- these measures do not reflect income taxes or the cash requirements for any tax payments;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will be replaced sometime in the future, and EBITDA and Adjusted EBITDA do not reflect any cash requirements for such replacements;
- while share-based compensation is a component of operating expense, the impact on our financial statements compared to other companies can vary significantly due to such factors as the assumed life of the options and the assumed volatility of our common stock; and
- other companies may calculate Non-GAAP net income (loss), EBITDA and Adjusted EBITDA differently than we do, limiting their usefulness as comparative measures.

We compensate for these limitations by relying primarily on our U.S. GAAP results and using Non-GAAP net income (loss), EBITDA, and Adjusted EBITDA only as supplemental support for management's analysis of business performance. Non-GAAP net income (loss), EBITDA and Adjusted EBITDA are calculated as follows for the periods presented in thousands:

## Forward-Looking Statements

This press release contains forward-looking statements that involve risks and uncertainties. These statements include, among others, statements regarding our expectations regarding revenue, gross margin, non-GAAP net income, capital expenditures, and our future prospects. Our expectations and beliefs regarding these matters may not materialize. The potential risks and uncertainties that could cause actual results or outcomes to differ materially from the results or outcomes predicted include, among other things, reduction of demand for our services from new or existing customers, unforeseen changes in our hiring patterns, adverse outcomes in litigation, and experiencing expenses that exceed our expectations. A detailed discussion of these factors and other risks that affect our business is contained in our SEC filings, including our most recent reports on Forms 10-K and 10-Q, particularly under the heading "Risk Factors." Copies of these filings are available online on our investor relations website at [investors.limelightnetworks.com](http://investors.limelightnetworks.com) and on the SEC website at [www.SEC.gov](http://www.SEC.gov). All information provided in this release and in the attachments is as of October 18, 2018, and we undertake no duty to update this information in light of new information or future events, unless required by law.
