## Section 2: EX-99.1 (EXHIBIT 99.1)

Exhibit 99.1

October 16, 2019

### Limelight Networks(R) Reports Financial Results for the Third Quarter of 2019

- Revenue of \$51.3 million, up 4 percent year over year, up 12% sequentially
- GAAP basic EPS of \$(0.02) and Non-GAAP EPS of \$0.01
- Confirming accelerated growth in revenue, profitability and free cash flow for Q4 2019
- Delivered record traffic, exceeding previous record by approximately 20%

Limelight Networks, Inc. (Nasdaq:LLNW) (Limelight), a leading provider of edge cloud services, today reported revenue of \$51.3 million for the third quarter of 2019, up 4% compared to \$49.3 million in the third quarter of 2018. Currency negatively impacted year-over-year comparison by \$0.2 million.

Limelight reported a net loss of \$2.8 million, or \$(0.02) per basic share for the third quarter of 2019, compared to a net loss of \$0.3 million, or break-even per basic share, in the third quarter of 2018.

Non-GAAP net income was \$0.6 million, or \$0.01 per basic share, for the third quarter of 2019, compared to non-GAAP net income of \$3.2 million, or \$0.03 per basic share, in the third quarter of 2018.

EBITDA was \$2.5 million for the third quarter of 2019, compared to \$4.3 million for the third quarter of 2018. Adjusted EBITDA was \$5.8 million for the third quarter of 2019, compared to \$7.7 million for the third quarter of 2018.

Limelight ended the third quarter with 609 employees and employee equivalents, up from 594 at the end of the second quarter of 2019, and up from 551 in the year ago period.

“We are extremely pleased with our third quarter results. Our revenue was the highest third quarter revenue ever and our second highest revenue in any quarter. We also set a new record for traffic in the quarter, continuing the rapid growth that we have demonstrated throughout the year. We achieved these results by accelerating investments in infrastructure and significantly growing capacity, while still maintaining fiscal discipline by controlling expenses,” said Bob Lento, Chief Executive Officer at Limelight.

“We believe the fourth quarter will see year-over-year acceleration in revenue growth and meaningful improvements in gross margin and overall profitability. Even at the low end of our guidance, fourth quarter growth rates exceed 35% year-over-year and in excess of 15% sequentially. These healthy trends validate our strategy to focus on video-based edge services. We believe this positions us for a strong 2020 and beyond and will lead to the creation of tremendous shareholder value,” Mr. Lento added.

Based on current conditions, we expect 2019 revenue to be between \$200 and \$210 million dollars. GAAP net loss is expected to be approximately \$0.10 per share and Non-GAAP earnings per share should be near breakeven. Capital expenditures should be approximately \$30 million dollars.

### Use of Non-GAAP Financial Measures

To evaluate our business, we consider and use non-generally accepted accounting principles (Non-GAAP) net income (loss), EBITDA and Adjusted EBITDA as supplemental measures of operating performance. These measures include the same adjustments that management takes into account when it reviews and assesses operating performance on a period-to-period basis. We consider Non-GAAP net income (loss) to be an important indicator of overall business performance. We define Non-GAAP net income (loss) to be U.S. GAAP net income

(loss) adjusted to exclude the settlement and patent license income, share-based compensation and litigation expenses. We believe that EBITDA provides a useful metric to investors to compare us with other companies within our industry and across industries. We define EBITDA as U.S. GAAP net income (loss) adjusted to exclude depreciation and amortization, interest expense, interest and other (income) expense, and income tax expense. We define Adjusted EBITDA as EBITDA adjusted to exclude the settlement and patent license income, share-based compensation and litigation expenses. We use Adjusted EBITDA as a supplemental measure to

review and assess operating performance. Our management uses these Non-GAAP financial measures because, collectively, they provide valuable information on the performance of our on-going operations, excluding non-cash charges, taxes and non-core activities (including interest payments related to financing activities). These measures also enable our management to compare the results of our on-going operations from period to period, and allow management to review the performance of our on-going operations against our peer companies and against other companies in our industry and adjacent industries. We believe these measures also provide similar insights to investors, and enable investors to review our results of operations “through the eyes of management.”

Furthermore, our management uses these Non-GAAP financial measures to assist them in making decisions regarding our strategic priorities and areas for future investment and focus.

The terms Non-GAAP net income (loss), EBITDA and Adjusted EBITDA are not defined under U.S. GAAP, and are not measures of operating income, operating performance or liquidity presented in accordance with U.S. GAAP. Our Non-GAAP net income (loss), EBITDA and Adjusted EBITDA have limitations as analytical tools, and when assessing our operating performance, Non-GAAP net income (loss), EBITDA and Adjusted EBITDA should not be considered in isolation, or as a substitute for net income (loss) or other consolidated income statement data prepared in accordance with U.S. GAAP. Some of these limitations include, but are not limited to:

- EBITDA and Adjusted EBITDA do not reflect our cash expenditures or future requirements for capital expenditures or contractual commitments;
- these measures do not reflect changes in, or cash requirements for, our working capital needs;
- Non-GAAP net income (loss) and Adjusted EBITDA do not reflect the cash requirements necessary for litigation costs, including provision for litigation and litigation expenses;
- these measures do not reflect the interest expense, or the cash requirements necessary to service interest or principal payments, on our debt that we may incur;
- these measures do not reflect income taxes or the cash requirements for any tax payments;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will be replaced sometime in the future, and EBITDA and Adjusted EBITDA do not reflect any cash requirements for such replacements;
- while share-based compensation is a component of operating expense, the impact on our financial statements compared to other companies can vary significantly due to such factors as the assumed life of the options and the assumed volatility of our common stock; and
- other companies may calculate Non-GAAP net income (loss), EBITDA and Adjusted EBITDA differently than we do, limiting their usefulness as comparative measures.

We compensate for these limitations by relying primarily on our U.S. GAAP results and using Non-GAAP net income (loss), EBITDA, and Adjusted EBITDA only as supplemental support for management's analysis of business performance. Non-GAAP net income (loss), EBITDA and Adjusted EBITDA are calculated as follows for the periods presented in thousands:

## Forward-Looking Statements

This press release contains forward-looking statements that involve risks and uncertainties. These statements include, among others, statements regarding our expectations regarding revenue, gross margin, non-GAAP net income, capital expenditures, and our future prospects. Our expectations and beliefs regarding these matters may not materialize. The potential risks and uncertainties that could cause actual results or outcomes to differ materially from the results or outcomes predicted include, among other things, reduction of demand for our services from new or existing customers, unforeseen changes in our hiring patterns, adverse outcomes in litigation, and experiencing expenses that exceed our expectations. A detailed discussion of these factors and other risks that affect our business is contained in our SEC filings, including our most recent reports on Forms 10-K and 10-Q, particularly under the heading "Risk Factors." Copies of these filings are available online on our investor relations website at [investors.limelightnetworks.com](http://investors.limelightnetworks.com) and on the SEC website at [www.SEC.gov](http://www.SEC.gov). All information provided in this release and in the attachments is as of October 16, 2019, and we undertake no duty to update this information in light of new information or future events, unless required by law.
